PROFILE

Full Stack Developer with fresher in designing and developing responsive, user-friendly web applications. Proficient in front-end technologies like React.js and back-end technologies including Node.js and MongoDB. Demonstrated expertise in creating dynamic data visualizations, implementing robust authentication systems, and developing features that enhance user experience and business operations. Committed to continuous learning, leadership, and delivering innovative solutions. Seeking opportunities to leverage my comprehensive skill set in a dynamic and growth-oriented environment.

WORK EXPERIENCE
